

SERVICE DEMAND AND SUPPLY PLANNER (M/F/D)

We are looking for a Service Demand and Supply Planner responsible for demand forecasting, material scheduling, inventory control and spare parts availability.

Deine Verantwortlichkeiten:

- Accountable for strategic, mid- and short-term planning to guarantee Spare Parts availability
- Responsible for demand planning of Jenbacher Spare Parts overall, which includes forecasting and safety stock calculations
- Responsible for MRP material scheduling and inventory control management
- Regular interaction with all different regions and functions, such as Operations, Engineering, Warranty, ... to increase information flow to build a robust demand and supply planning and react quickly
- Control and optimize inventory in alignment to the targets
- Monitor parts availability and manage potential shortages in the supply base pro-actively
- Monitor planning KPIs to mitigate risks
- Support item life cycle for spare parts ensuring targets in parts availability and inventory

Dein Profil:

- Commercial academy (HAK, HBLA or equivalent) – commercial bachelor degree is beneficial
- Relevant / related experience in MRP- or demand planning
- Experience in working with ERP systems and Microsoft Office
- Good quantitative skills
- Ability to work in structured manner, handle stress and set priorities
- Can work with others effectively
- Fluent in English and German
- Experience in Spare Parts Management is desired
- Ability in data analytics is desired

The base pay is composed of the amount according to the Austrian collective agreement which is at least **EUR 2.763,02** gross per month (x 14) and an over payment depending on your qualifications and experience.
